

# DATA SHEET

## Collection Tank Stand

Serial numbers: **S0533007-1 & S0117410-3**

Length	5' 9"
Height	4' 1-1/2"
Width	5' 6"
Weight	1100#

### Features:

Stand is intended to be used to elevate a SAFE Systems collection tank.  
Allows a standard 55 gallon drum or "Super Sack" to be placed under the dump valve.  
Forklift tubes for moving the stand when collection tank is **not** on the stand.  
Collection tank legs nest into pockets on the stand to prevent the tank from shifting while in use.

### NOTES:

**Do NOT try to move the stand when collection tank is on top of stand.**
